Welcome

The Wisconsin Health Care Association and the Wisconsin Center for Assisted Living together form the Badger State's most representative long-term care association, representing about 300 facilities from around the state and across the care continuum. Our diverse membership includes proprietary, non-profit, and government-operated facilities, and ranges from the smallest of adult family homes to the largest of skilled nursing and therapy centers in Wisconsin. We believe this diversity is the source of our organization's strength, effectiveness and integrity.

Our members are committed to providing the outstanding quality and compassionate care required to meet the ever-changing needs of Wisconsin's elderly and disabled citizens. WHCA/WiCAL is proud of our role in representing, protecting, and advancing the interests of Wisconsin's skilled nursing and assisted living facilities, and the residents they serve. The commitment of WHCA/WiCAL member facilities to quality is mirrored in the array of professional services and products offered by our associate members – individuals, firms, and organizations who are dedicated to bringing our members the latest products and developments in long-term care. These associate members and our member facilities are true colleagues in care, engaging with and supporting one another. They work together, toward the common purpose of ensuring that the quality of life and care provided to assisted living and skilled nursing residents throughout the state remains a national model.

In the 2014 WHCA/WiCAL Membership Directory, you will find a complete listing of Members, Associate Members, and the contact information for key Wisconsin government officials. As with last year's Directory, the 2014 Membership Directory is being distributed along with WHCA/WiCAL's semi-annual magazine, *Continuum*, so as to ensure the Directory reaches all sources that would benefit from having a reference guide to our member facilities. The digital companion for this resource is available at www.whcawical.org, which offers a user-friendly **vendor directory** and **care facility locator** – resources that are constantly updated throughout the year. *CareConnection*, WHCA/WiCAL's Internet-based newsletter, also offers useful news and information about Wisconsin's long-term care provider community at careconnection.whcawical.org. If you haven't visited this site, be sure to check it out.

WHCA/WiCAL is pleased to offer the 2014 Membership Directory as a resource to our Members and Associate Members, as well as other health care providers, policy-makers and long-term care consumers. As always, if you have any questions about long-term care in Wisconsin, please contact us using the information provided.

Sincerely,

Thomas P. Moore
