### Novaerus Portable Air Disinfection Units

Combat the spread of airborne pathogens. The Novaerus portable air disinfection units use patented ultra-low energy plasma purification technology to deactivate airborne pathogens, and neutralize VOCs. Available in three sizes. Plugs into any outlet. **The Protect 200** is designed for continuous air disinfection and odor control in smaller indoor spaces. Can be wall mounted or placed on any surface. **The Protect 900** is designed for continuous air disinfection and odor control in indoor spaces and has a 2-speed fan. Can be wall mounted or placed on optional support stand. **The Defend 1050** is designed for rapid remediation in large spaces and situations with high risk of infection. Contains a 5-speed fan and triple-stage Camfil® filter system to provide a combined solution for air disinfection and particle removal. Free standing unit can be wheeled easily to point of care. Replacement filters sold separately.
