

ServiceMaster Restore® is trained and prepared to assist you when property damage causes disruption to your day-to-day activities. It's more than getting your healthcare facility restored. It's about minimizing the disruption to your facility as well as keeping your patients, families, and employees safe. At ServiceMaster, we're able to offer our expertise thanks to our 50-plus years of experience in property mitigation. We understand the challenges and rely on our network of more than 600 locations and the backing of a \$3 billion company. Because of our healthcare experience, you can trust that ServiceMaster will minimize interruption, mitigate claim severity and get your property back to normal quickly.

Our mission is to understand your critical business functions so we can restore your business to pre-loss condition as quickly as possible when events arise. When you need us simply call **1-866-RECOVER** and notify the call center you are a Priority Response Partner. You can also contact us directly at
