UW System Student Health Care Worker Initiative

A \$500 tuition refund will be provided to students who meet the following criteria:

- Must be enrolled at a University of Wisconsin System campus during the Spring 2022 semester.
- Must work a minimum of 50 hours in a Wisconsin clinical or health care setting, such as a hospital, clinic, nursing home, long-term care facility, state or local health care facility, or state veterans' home, between **December 1, 2021, and February 28, 2022.**
- Must meet health care licensure and certification requirements, such as a Registered Nurse (RN), Licensed Practical Nurse (LPN), Certified Medical Assistant (CMA), Certified Nursing Assistant (CNA), Emergency Medical Technician (CEMT), or Nurse Aid.

The program is open to students currently employed or who become employed in a Wisconsin clinical or health care setting. To be eligible, students must present a letter from their employer verifying the type of work and the hours worked to their campus Bursar's Office by no later than **March 31, 2022.**

Students who qualify will receive a \$500 tuition refund at the end of the Spring 2022 semester. Students may receive only one \$500 tuition refund regardless of number of hours worked beyond the 50-hour minimum. Depending upon demand and available funding, lower tuition reimbursement amounts may be necessary.

Students interested in becoming involved can connect with employers via Handshake, an online job listing and candidate management system. The UW System will promote the use of Handshake to potential health care employers, and UW campus career services administrators will help students identify eligible job opportunities.

For general questions about the program, please contact Jeff Buhrandt at UW System.

Jeff Buhrandt

Interim Vice President for University Relations

Phone: (608) 262-1312

Email: jbuhrandt@uwsa.edu

For questions involving Handshake, contact the student's home campus Career Center.
