

Consultation, education and support you can trust

McKesson Clinical Resources

From clinical consultation to on-demand training and education, McKesson offers resources to help you deliver the best in care and clinical outcomes.

Consulting

- ***Clinical Resource Team***

Our experienced Clinical Resource Team, comprised of nursing consultants throughout the country, can support you with personalized consultation services including training, clinical protocols and standards of care, in person or via webinars for your team.

- ***Industry-Leading Manufacturers***

Get access to clinical support and education from McKesson manufacturing affiliates who understand the challenges you face in today's healthcare environment and who remain committed to your success.

Education

- ***McKesson Academy™***

Clinical education and training delivered through our no-cost online portal, featuring over 300+ resources. Get started now at mms.mckesson.com/mckesson-academy.

- ***McKesson Clinical Connection Webinars***

Every month hear from industry experts on a wide range of educational topics that are relevant to you.

To receive invitations for future webinars, sign up at mms.mckesson.com/educational-webinars.

Support

- ***McKesson Readmissions Resource™***

Clinical resources to help you address the common disease states that contribute to hospital readmissions, and support you in preventing, diagnosing and treating patients and residents for better quality outcomes. Get details at mms.mckesson.com/readmissions-care.

- ***McKesson WoundCare Companion™***

- With specialized resources for advanced wound care, including nutrition and skin care, WoundCare Companion can help you and your clinical staff save time and money while providing the best care possible. Learn more at mms.mckesson.com/wound-care.

- ***McKesson UPrevent™ Infection Prevention Program***

- Build successful infection prevention policies and procedures for your facility by accessing today's infection prevention resources from leading healthcare organizations. View resources at mms.mckesson.com/uprevent.

- ***Respiratory Care Program***

- It's important for you to provide quality respiratory care to your residents and patients and we have the products and services to help you get what you need. Learn more about how we can help you build a comprehensive respiratory program at mms.mckesson.com/respiratory-care.

- ***McKesson FluWise®***

- Let us help you get ready for flu season with our comprehensive program giving you access to a variety of flu products, savings and support along the way. Learn more about the program and how we can help at mms.mckesson.com/mckesson-fluwise/.
